

# Theater

## Associate in Arts Degree

### Why Theater?

Theater is a field that involves creativity, technology, literature, and the performing arts. Many students take what they have learned in these classes and become professional artists, but most become better audience members--more educated, more appreciative.

### Why Bay College?

The Theater program at Bay College is dedicated to providing a high-quality education within a supportive environment for artistic development. Bay offers the opportunity to perform or produce in a well-appointed theater--the Besse Center Theater--that comes equipped with computerized lighting and high-tech audio. While at Bay, students can earn an associate's degree with a concentration in theater.
